

Indonesian OIL PALM & REFINERY Directory, 2015

In the last three years (2012 – 2014) Indonesian Oil Palm has experienced a great pressure due to the decreasing CPO price in international markets. Consequently, sales turnover and profit of the companies have declined and many of them were not able to maintain their business and finally sold their plantations and plants to other investors or they carried out joint venture.

There are lots of oil palm companies in the country which have been controlled by new other local or foreign investors so their ownership structure and the management composition were already changed. Based on the investigation of CDMI towards 100 top Indonesian oil palm companies, there are several company groups which have acquired oil palm plantations by establishing tens of subsidiary companies spreading in Indonesia. The most expansive company groups include Dharma Satya Nusantara Group, First Resources Group, Makin Group, KLK Group, Eterindo Group, Sinar Mas Group, Sampoerna Group, Sawit Sumbermas Group, Astra Agro Group, ANJ Group, Provident Group, Darmex Group, Royal Eagle Group and others.

This directory contains completed data of oil palm plantations in entire Indonesia which is very useful for investors which intend to enter this sector, fertilizer industry, heavy equipment industry, transportation industry, oil palm plant making industry, and other supporting industry.

The directory is only sold exclusively in CDMI and ordered directly through our marketing division Mrs. Tina by phones (021) 3193 0108, 3193 0109, 3193 0070 or Fax (021) 3193 0102 or e-mail: marketing@cdmione.com at a special price of US\$ 420.

Having submitted this offer, we thank you for your cooperation and look forward to hearing your response promptly.

Cordially yours,
P.T. CDMI
